Which social problem are you resolving?

Who is the customer?

At which stage in the process are you (idea, draft, in development, up and running), and what is your timeframe?

Background of the idea

References

Your thoughts on a work fellowship: What do you want from a work fellowship, and what can you offer?

Other things we should know

Yes, I have attached my business plan.
(An outline is sufficient, but it should be at least a couple of pages.)
